Lunchtime Concert : Beethoven, Chopin, Elgar & more...

Two years ago, I opened my kitchen window and sang for my street...

This was a beautiful and life changing experience!!!

Last June and July, I have opened "different windows"

where my colleagues and I are collaborating with

the Parish of Alexandra Park/St Andrew's Church

to revive the musical life of our community and support the Parish.

Enjoy! xxx V:)

Щедрик | Shchedryk (aka Carol of the Bells)

Ukrainian folk song

Here is a little carol about a swallow
This swallow flew from afar
It started to sing, lively and loud
Asking the master to come out
Come here, o come, master-it's time
Amongst the sheep, wonders to find,
Your lovely sheep have given birth
To little lambs of great worth,
All of your wares are very fine
Wealth will be yours, in this time,
You have a wife fair as a dove,
If not wealth, then wheat you will have,
Thus ends the carol of the swallow.

Alexander Dalziel | piano

Alexander has been playing the piano for 12 years. A former music scholar at City of London School and President of the Music Society at Harris Westminster Sixth Form, Alex has been a member of a range of music communities for 10 years, either singing in a choir or performing in an orchestra on the bassoon or performing duets on the piano.

In his own time, Alexander is also a keen improviser and composes music inspired by contemporary composers. He has also occasionally played piano in railway stations, creating moments of calm in the bustling hub of commuter traffic.

For his first public solo recital, Alexander has chosen a compilation of calming classics, that give room for contemplation and thought, which also, in his opinion, expresses the piano at its best.

With a passion for helping the community, Alexander is pleased that this performance is accessible to all in a local church.

MERCI...
